NEW COVERED CAR PARK PIAZZA VITTORIO VENETO

Covered parking space for sale, suitable for medium / large cars, located on the first basement floor of a condominium of few units. The garage can be reached via a descent ramp from the street and is equipped with a motorized driveway gate and an automatic safety shutter at the bottom of the ramp, synchronized with the gate, which can be opened with a remote control or code number. The parking compartment can hold up to two stacked cars with an automatic lifting mechanism that can be operated from the outside (dead man). The price indicated is for a parking space.

Possibility of recovering 50% of the construction cost of about 20,000 per parking space.
If you want to buy both available parking spaces, the sale price is € 110,000.
