

**in sale a Favignana**  
**isola di Favignana**  
**€ 290.000**  
**Ref. MA24043**

**14.700 sq.m.**

Agricultural land in Favignana for the construction of a villa.

In a context of unparalleled landscape beauty, with a splendid sea view, located on the island of Favignana and located a few steps from the beach of Lido Burrone, from Cala Azzurra, we offer for sale a very interesting agricultural land of 14,700 square meters for the construction of a single or semi-detached villa of a total of 100 square meters.

The extension, in light of its current urban destination, allows for the construction of a villa of at least 100 square meters, in addition to external appurtenances, such as a first floor terrace, porches and additional outdoor spaces.

The value of the property offered for sale is therefore commensurate with the possible construction of said singular prestigious villa and also with the profitability that can be obtained from a possible accommodation business that can be implemented with very interesting revenues.
