Milan, in the immediate vicinity of Via Monte Bianco and a few steps from the Fiera Milano City Life complex, we offer for sale a large and bright apartment of approximately 140 m2, located on the fourth floor of a 1950s building with a lift. The property enjoys a double exposure to the north-east and south, a feature that guarantees excellent natural light throughout the day. The functional and well-organized layout includes an entrance hall, a large living room with access to the balcony, a hallway, a practical and functional semi-diner kitchen with a second balcony, a master bathroom, a spacious closet, and three double bedrooms, one with a balcony and one with a private bathroom with a window. The property includes an attic. Possibility of a single garage inside the building, an element of particular value and convenience. The location is particularly strategic, close to the MM1 subway line, with two stations roughly equidistant from each other, and the MM5 subway line, also easily accessible with two stops. Access to the main highways is also convenient. The neighborhood offers a wide and complete range of services: supermarkets, banks, shops, restaurants, schools, parks, sports facilities and recreational facilities, as well as important clinical institutions and hospitals. An ideal solution for those seeking spaciousness, brightness, comfort, and a strategic location, just steps from City Life and well-connected to the rest of the city.
